Strike Is Quick Outgrowth  
of the Dismissal of  
Four Employees  
in New York

New York, July 14 (AP)—C.I.O. transport workers struck today against all 21 lines of the New York City Omnibus Corporation. The lines carry an estimated 925,000 passengers daily.

The walkout was called by the C.I.O. Transport Workers Union, eight hours after maintenance workers quit work at one of the company garages in protest against the dismissal of four employees.

The company employs 2,200 drivers and mechanics.

The strike was announced by Michael J. Quill, president of the T.W.U.

Previously, Quill had announced at a meeting of the strikers that the walkout would be extended to all lines of the Omnibus Corporation at midnight tonight unless the garage strike was settled by then.

After reaching his office, Quill changed the hour of the Omnibus strike to noon today. He said the time for the Fifth Avenue walkout, however, would remain at 12:01 a. m. Friday.

The walkout followed a dispute over firings and a change in working hours.

This is an official strike and will remain so until they reinstate the men," Quill told the strikers.

"We are not going to take it," he added. "We will get satisfaction by 12:01 a. m. tomorrow and if this is not settled I'll see that the entire Omnibus and Fifth Avenue goes down."

The union leader said he is scheduled to confer later today with Joseph O'Grady, director of the city's Labor Relations Division.

Quill said he will deal with matters concerning the two jointly-owned bus lines.

If no settlement of the dispute is reached during the day, Quill added, a union meeting will be held tonight to arrange for a shutdown of the two lines.

Man May Be Charged  
With Rape of Wife

Leeds, Eng., July 14 (AP)—A judge held today that a man may be charged under British law with raping his own wife.

The defendant was Edward Clark, 34, a truck driver. His wife, who is living apart from him under a court separation order, accused him of rape and doing her bodily harm.

Clark's lawyer argued that a husband could not be guilty of the rape of his wife as long as the marriage was in force.

Justice Laurence Byrne held that a husband separated from his wife by order of a magistrate has no right to intercourse without her consent. He ordered Clark to trial on the rape charge.

## Pass 60 Trucks

Helmstedt, Germany, July 14 (AP)—Russian guards cleared a 60-truck American convoy through the Soviet zone checkpoint here in less than a minute today, lowering the barrier in their "little blockade." Last night the Russian guards suddenly relaxed their slowdown and gave the green light to German trucks bound for Berlin, permitting the vehicles to pass this checkpoint at a normal rate for the first time since Saturday.

The barriers were reported still up, however, at nine other Soviet zone entry points.

New York, July 14 (AP)—James Roosevelt, son of the late president, arrived with his wife by air today from a six-week tour of five European countries. Roosevelt and his wife plan to visit his mother at Hyde Park before returning to California.

Truman to Name Board  
To Probe Steel Squabble

President Will Act Even if 'Big Three' Opposes  
His Plan to Avert Strike; No Hint  
Given as to Makeup of Board

Washington, July 14 (AP)—The White House said today that President Truman will set up a steel fact-finding board tomorrow, whether or not the "big three" producers yield to his pressure for them to go along with his plan to avert a strike Saturday.

Charles Ross, presidential press secretary, announced this after saying nothing has been heard from Mr. Truman's latest message to the three companies.

There was no hint from Ross as to who the President has in mind for the board—a group whose findings and recommendations may be decisive on the issue of whether millions of American workers are to have a fourth round of post-war wage increases.

Asking United States Steel, Republic and Bethlehem to reconsider their rejection of his plan to submit the wage-pension dispute to a special inquiry board for a recommended solution, Mr. Truman told the three.

"Surely you are not afraid to have your side of this dispute examined in the public interest," he said.

While some smaller steel firms and the C.I.O. United Steel Workers Union accepted Mr. Truman's plan, the big three had contended it, by-passed Taft-Hartley Law procedures for strikes imperilling the nation's health or safety.

Philip Murray, president of the C.I.O. and its steel union, said he will issue a strike order today to apply to all steel firms rejecting Mr. Truman's plan for a 60-day strike twice.

Mr. Truman, in asking the three to reconsider yesterday, said it was his opinion the present situation "does not constitute such an immediate peril to the national health or safety" as to invoke Taft-Hartley emergency strike clauses.

An inquiry board named under Taft-Hartley has power to recommend a dispute solution, as the President said his three-man board will have.

However, both the President and Cyrus S. Ching, director of the Federal Mediation and Conciliation Service, stressed neither the companies nor union would be expected to accept any solution suggested by Mr. Truman's board.

But Ching said it was hoped the recommendations could form a basis for settlement.

Dual Pressure  
Thus there was the dual pressure of the President's "please reply" message for reconsideration and the union's strike threat on U. S. Steel, Republic and Bethlehem. Their replies to Mr. Truman's latest message were expected during the day.

Ching, invited another 53 steel companies facing walkouts to join in the 60-day truce plan.

Martin Says Scott to Quit,  
If Top Man Is His Successor

Washington, July 14 (AP)—Senator Martin (R-Pa.) indicated today that Rep. Hugh Scott, Jr., will step down as Republican national chairman "if we get assurance an outstanding man will take his place."

Martin said, however, that he, Scott and other Pennsylvanians "are not going to be shoved around" by those who want someone else in the key G.O.P. post.

"There is no use talking about Scott moving out until we are sure that there is a top-flight man to succeed him," Martin told a reporter.

But Martin added "it is a fair conclusion" that talks about a change have simmered down mainly to a question of who should succeed Scott, rather than whether there should be a new chairman.

Party leaders have been discussing the matter here and elsewhere for the last several days. After a conference here yesterday, those leaders said they looked for no concrete developments for

about 10 days. They said there still was no agreement on a successor to Scott.

Scott was named to the chairmanship a year ago in Philadelphia. He was the choice of Gov. Thomas E. Dewey, the G.O.P. presidential nominee, and he had the backing of Martin and other key members of the Pennsylvania delegation to the national convention.

Since the Republican defeat at the polls last November the party has been badly split as to whether Scott should stay on.

One key Republican who sat in at this week's conference said possible successors to Scott most frequently mentioned include: Arthur Summerfield, Michigan national committeeman; Harry Darby, Kansas national committeeman; Bert Howard, Nebraska state chairman; Guy Gabrielson, New Jersey national committeeman; Ralph Gates, former governor of Indiana; Sinclair Weeks, Massachusetts national committeeman; and J. Edgar Chenoweth, former Colorado congressman.

His Fourth Blow

Vatican Says Pope Has  
Given Last Warning  
to Catholics

Vatican City, July 14 (AP)—Pope Pius XII has ordered major excommunication of all militant Communists who also are Catholics. The sweeping decree would deny them the sacraments and comforts of the Church.

The momentous order applies to all members of the Roman Catholic faith "who make profession of the materialistic and anti-Christian doctrine of the Communists."

It was announced in an historic decree of the Sacred Congregation of the Holy Office and approved by the Pontiff.

The decree marks the fourth time the Pope has used excommunication to fight back at the Communists in recent years.

Previous decrees had been directed at those who tried and sentenced Archbishop Alojzije Stepinac in Yugoslavia in 1946, at those responsible for the imprisonment of Hungary's Josef Cardinal Mindszenty, and at the founders and willing members of a Separatist government-controlled Catholic action society in Czechoslovakia.

Informed Vatican sources interpreted the decree's wording to be in effect a last warning to Catholics who still defend or follow Communism. It applies the church's major weapon of discipline to those who might be wavering under Red pressure.

According to a recent unofficial estimate there are some 330,000,000 Catholics in the world.

The decree announced the church's decision that "Christian faith and who make professions of the materialistic and anti-Christian doctrine of the Communists, and, in the first place, those who defend it (Communist doctrine) propagate it, incur, ipso facto, the excommunication reserved especially to the Apostolic See."

This is major excommunication. It denies the sacraments, the comforts of the church to offenders and ostracizes them from the faithful.

Countries where there are many Catholics and also many Communists include Poland, Czechoslovakia, and Hungary in eastern Europe and France and Italy in the west.

Catholic Italy numbers 2,000,000 Communists in its population. Vatican informants said the excommunication decree might be applied in the following manner:

1—Catholics who militantly and persistently follow Communist doctrine would be automatically excommunicated.

2—Catholics who have adopted Communist theories in principle rather than practice might be allowed a period of grace to return wholeheartedly to the faith.

3—Catholics who read Communist writings or otherwise expose themselves to Communist doctrine would be denied sacraments of the church but not be automatically excommunicated.

The seven sacraments under Catholic doctrine are Baptism, Confirmation, Holy Communion, Penance, Extreme Unction, Ordination and Matrimony.

The Sacred Congregation of the Holy Office is composed of cardinals who are charged with defending the faith against false doctrines.

The excommunication was decided upon at a secret meeting of the congregation last June 28. The pope approved the decision and two days later ordered promulgation of the decree. There was no explanation of the two-week delay in publication.

## Parties Are Active

New York, July 14 (AP)—Republican and minor party leaders burst into activity today in efforts to select a fusion candidate to oppose Mayor William O'Dwyer.

State-mandated primary elections for weeks while the dilemma of the Democratic candidate remained in doubt. The situation changed suddenly yesterday when the Democratic mayor announced he would run again in the fall.

After insisting for almost two months that he would not.

In Her ImportsU. S. Tobacco Is One Item  
on List; Sugar Also  
Is Included

London, July 14 (AP)—Britain today sliced 25 per cent off her buying from the world's dollar areas for this year.

Sir Stafford Cripps, chancellor of the exchequer, told the House of Commons Britain's imports from the United States and other dollar areas would be limited to \$1,200,000,000. In 1948, Britain spent \$1,600,000,000 on imports.

Cripps announced a cut in purchases of U. S. tobacco. He also said the sugar ration would be lowered from 10 to eight ounces weekly and the recently rationed candy would go back on ration August 14. The weekly candy ration will be four ounces per person.

Cripps knocked off \$80,000,000 of the \$440,000,000 originally set aside for the purchase of tobacco. He said this would mean a reduction of about five per cent to British users. Cigarettes already are scarce here and lines in front of tobacco stores are a common sight.

Man Is Held  
New York, July 14 (AP)—A man who police said has admitted 30 hotel room thefts while operating as a "cat burglar" was arrested today in the lobby of the fashionable Hotel Plaza, 59th Street and Fifth Avenue. He was seized a few minutes after a woman resident on the 12th floor of the hotel screamed when she saw a man's feet coming through the window. Police withheld the man's name. They identified the prisoner as Raymond John Carter, 30, who gave his address as the Hotel Shelton.

## To See President

Hartford, Conn., July 14 (AP)—Governor Chester Bowles will go to Washington early next week to before President Truman, Connecticut's drought, housing and unemployment problems. The governor's press secretary, Joseph P. Lyford, said today the Bowles Conference will probably take place Monday in the White House.

## Violations Are Charged

Washington, July 14 (AP)—The United States and Britain today charged Yugoslavia with violating the Italian peace treaty by introducing Yugoslav currency into its zone of Trieste. The State Department made public a note which Secretary of State Acheson sent to the Yugoslav charge d'affaires, Milenko Filipovic.

Following up earlier criticisms of new labor laws in Japan, Panysushkin bore down hard. He said MacArthur as occupation commander and the Tokyo government have launched a brutal campaign against labor leaders and "progressive elements." This echoed charges along the same line made by Soviet officials in Tokyo and over the Moscow radio. It produced an immediate official American counter charge.

President Assails  
80th Congress as  
Martin Points  
at 81st

Washington, July 14 (AP)—President Truman's sharp attack on "selfish interests urging drastic cuts" in federal spending collided today with both Democratic and Republican criticism in Congress.

So did his assertion that many people would like to have a depression "for political reasons."

On the other hand, Senator Pepper (D-Fla.) called Mr. Truman's arguments "reasonable common sense and full of practical justification."

The President spoke out last night in telling the nation about his new program designed to expand production and avert a more serious business slump. He went on both the radio and television.

"We shall have to be sure," the President said, "that the selfish interests do not drive us into the ditch, as they have done before."

As he did in the economic report he sent to Congress last Monday, Mr. Truman said: "We are not in a depression. Many people who talk of a depression, he said, would like to have one 'for political reasons.'"

But he added that the increase in the number of people out of work "is something to worry about, and something that must be cured."

The President again lit into the Republican-ruled 80th Congress of 1947-48 for cutting income taxes. He criticized it, too, for refusing to enact the anti-inflation program he wanted but now has abandoned because, he said, of changed conditions.

He called those policies blunders on the part of the 80th Congress, and he said "selfish interests" were to blame. Then he added:

"I have seen some selfish interests are urging us to commit a third great blunder. They are now urging drastic cuts in government expenditures — cuts which would fall hardest on those expenditures which are most important to our domestic economy."

That was an obvious reference to the move in Congress to trim federal spending. In the Senate, for example, more than 60 senators—Democrats and Republicans—have signed a petition urging action on a resolution directing the President to cut appropriations for the current fiscal year by from five to 10 per cent.

Is Dropping Request  
Mr. Truman explained that he is dropping his request for a \$4,000,000,000 tax increase because he does not want to "injure the economic health of the country."

Indicating the alternative is red ink spending, he added:

"You cannot achieve a surplus in the government budget when you have a declining national economy. If we follow the wrong budget policy at this time and slash our expenditures, we will decrease employment, cut down on investment, weaken our defenses, and injure our efforts for peace."

Senator McClellan (D-Ark.), chief sponsor of the economy resolution, commented that there are certain contemplated expenditures (Continued on Page 19, Col. 5)

Moscow Changes Tactics;  
Shifts Attention to Japan

Washington, July 14 (AP)—Moscow appears to be changing cold war tactics by concentrating its fire on American actions in Japan rather than in Germany.

Last afternoon officials in Berlin reported a let-up in Soviet criticism there. Russian Ambassador Alexander S. Panysushkin yesterday issued a torrent of charges here against Gen. Douglas MacArthur and the Japanese government.

Following up earlier criticisms of new labor laws in Japan, Panysushkin bore down hard. He said MacArthur as occupation commander and the Tokyo government have launched a brutal campaign against labor leaders and "progressive elements." He said Japan's economy is approaching a state of total collapse.

This echoed charges along the same line made by Soviet officials in Tokyo and over the Moscow radio. It produced an immediate official American counter charge.

Benefits Are Denied  
Trenton, N. J., July 14 (AP)—Unemployment benefits were denied today to 3,200 New Jersey Ford Motor Co. workers who were laid off because of a strike at the firm's River Rouge plant in Detroit, Mich. State Appeals Examiner William J. Fay ruled that employees in the Ford assembly plant at Edgewater and the Lincoln-Mercury assembly plant at Metuchen had "a direct interest in the dispute" that caused the (Michigan) stoppage of work.

Under the unemployment compensation law, employees idled because of a work stoppage stemming from a labor dispute are ineligible for benefits.

Wicks Given Assurance  
of Progress at Office  
in Albany

Senator Arthur H. Wicks said today at his office in Albany that State Comptroller Frank C. Moore has approved and signed a contract for the demolition of 16 buildings in the central Broadway railroad crossing area.

Information to that effect was given Senator Wicks by the office of State Budget Director John Burton. The contract was signed Wednesday.

The contract was awarded to Frank Hoffman, formerly of Pleasant Valley, now of Kingston, whose bid was \$19,200. It is expected that work will start soon after Hoffman signs his contract with the state.

State Estimated \$28,000  
The state's estimate is \$28,000 for the razing of 16 structures in the area. The remaining 14 will be included in the general contract.

A main portion of the project, an engineer explained, will be in the southwest quadrant of the area near the intersection of Broadway and Greenwich Avenue and includes the former United States Hotel, the first building to be acquired by the state.

Six other buildings mentioned in the contract are scattered throughout the project area. Officials of the State Public Works Department indicated that work is expected to start on the razing of the buildings soon after the signing of the contract.

Wicks Asked Staggering  
State Senator Arthur H. Wicks, acting on a petition of merchants in the central business sector last spring, suggested that the state stagger the demolition work so that it could be completed with the least amount of hardship possible to residents and property holders in the area.

Provisions of the first contract indicates that this plan will be followed.

The state announced at one time that it expected all property holders and tenants to vacate the area by May 31, but Senator Wicks later indicated in his letter to the merchants that no deadline had been formally established.

Property holders, meanwhile, began facing the reality of the project and one after the other made arrangements to move from the area.

Ten bids were received June 8 on the proposal and the only Kingston bidder was John T. Frederick, Jr., Inc., of East Chester street, who bid \$24,150.

The first contract was expected to be awarded at about July 1, but it was delayed because of a long list of projects up for bidding June 8.

## Won't Talk Wages

New York, July 14 (AP)—The General Electric Company has called for an end of wage talks with the C.I.O. United Electrical

Workers. However, the union leaders want just a recess in the talks, until they have time to report back to their members. The company said in a statement yesterday that to continue the talks

might give both employees and the public a "false impression" that a wage boost is being considered. G-E repeated its rejection of any wage demands.

## END OF COAST GUARD MERCY FLIGHT

A Coast Guard flying boat sinks nose down after being wrecked while landing on a mercy flight 300 miles off the coast from San Francisco. Some of the 11 men aboard the plane can be seen in a life raft at right. All aboard were saved. The plane was taking medicine to a sick woman aboard the freighter Dona Aurora. This picture was taken minutes after the crash by a passenger aboard the freighter. The Dona Aurora took the survivors aboard and came into San Francisco. (A.P. Wirephoto)

## 54 College Students Study Workings of United Nations

Lake Success, N. Y., July 14 (AP)—Fifty-four college students from 26 countries started to school at United Nations Monday (July 11) to learn how it works. For eight weeks they will work a 40-hour week without salary in U.N. secretariat offices. In return virtually all their expenses except travel, will be paid while they receive free instructions in lectures and seminars on U.N.'s operation and its problems, mingled daily with its personnel and meet some of its leaders.

They are the fifth group in U.N.'s intern program sometimes conducted for university students. The student programs capitalize the interest in U.N. and international affairs that is rising like yeast among the young of many countries and spurs some to train for public service.

The civil servant's program, at-

tended by internees chosen from government offices or international organizations, aims to give basic understanding of U.N.'s vast ramifications, which will facilitate the civil servants' work, especially as it touches U. N.

The intern training program is under the direction of G. N. T. Widdington, Canadian, of the U. N. secretariat.

The average cost of one intern's course is \$300. Forty of the 54 students in this summer's program are supported jointly by U. N. and Rotary International. The other 14 have scholarships from Rotary International, the American Association for U. N. or one of several American universities.

Fifteen of the students are Americans. The rest of the students come from Australia, Bolivia, Canada, Chile, China, Denmark, France, Burma, Cuba, Belgium, Greece, Haiti, Honduras, Iceland, India, Iran, Israel, Lebanon, Luxembourg, Netherlands, Norway, Pakistan, Philippines, Sweden and the United Kingdom. The students live at Columbia University dormitories. Chartered buses take them back and forth to U. N. Their \$300 allotment provides a small weekly allowance for lunches, laundry and incidentals.

Directors of the program take pains to assign student internees to work from which they will profit. In the last group's sociology student, interested in the development of primitive tribes in his own country, was assigned to the department of living standards in the social affairs division where he worked on survey methods among undeveloped peoples. A student of international law was assigned to the legal department and internees with journalistic ambitions were assigned to the U. N. press division.

## Questions-Answers

Q—How could a base runner steal third safely with a man already on that base?

A—The only way would be for the umpire to call a balk on the pitcher during the play. The man on third automatically goes home.

Q—What was "Seward's Folly?"

A—The purchase of Alaska from Russia by the United States was known as Seward's Folly. At the time it was thought by many a very foolish bargain; and Secretary Seward, to whom the purchase was largely due, was made the object of much ridicule.

Tom Thumb, the first American-built steam locomotive, had a boiler the size of a flour barrel.

# Years of research pioneering guarantee LUCKIES ARE A FINER CIGARETTE!

Constant research at Lucky Strike's famous cigarette laboratory—America's largest and most completely equipped—is devoted to giving you a finer cigarette!

THERE is no finer cigarette in the world today than Lucky Strike. Here's why: Lucky Strike means fine tobacco. And every step in the making of Luckies—from before this fine tobacco is bought until the finished cigarette reaches you—comes under the watchful eye of the largest and most completely equipped cigarette research laboratory in America.

For many years, the famous Lucky Strike laboratory in Richmond, Virginia, has been a center of cigarette science and technology. In this remarkable building you can see a fascinating collection of scientific instruments—microscopes, spectrophotometers, balances, projectors, humidification chambers, and many other complicated and costly machines.

Working with this array of scientific equipment are more than 60 highly trained specialists—chemists, biologists, engineers, physicists. They work on tobacco, on finished cigarettes, on paper, foil, cellophane and even printing inks. For Lucky Strike scientists have for years delved into cigarette research on an extensive scale.

Today, because of the miracle of modern science, Lucky Strike is a finer cigarette.

Testing tobacco. Samples from every tobacco-growing area are analyzed before and after purchase. These extensive scientific analyses, along with the expert judgment of Lucky Strike buyers, assure you that the tobacco in Luckies is fine, light and mild. No wonder Luckies are a finer cigarette.

Luckies stay fresh. After Lucky Strike cigarettes have been packaged, they must be tightly sealed to remain fresh. Here you see the cellophane seal being tested for air-tightness. Such instruments are in constant use at every plant.

We know:

Hawaiian Strike Has Some Effect. On Daily Living

Honolulu, July 14 (AP)—The 75-day waterfront strike has cut into the everyday life of the average islander out here. But not as much as you'd think.

There are cases like the paper salesman—with no paper to sell. He's driving a truck. And eating pol, a native dish, instead of potatoes. "Pot's cheaper than potatoes—and has more vitamins," he says.

Or there's Frank May. He's a white collar man at Levers and Cooke. Hawaii's biggest building materials firm which has made two 10 per cent pay cuts. He's told his wife she has to give up the woman who ironed half a day each week. The yard man who worked over the lawn twice a month has to go, too.

But many people hardly feel the pinch from the long tieup. There's a big segment of federal civil service employees and workers paid by mainland firms. And, of course, the army, navy and air force people. Their pay keeps coming in.

Food relief cargoes provide the staples—meat, potatoes, milk, eggs, butter—and nearly any trimming you can think of. If you're lucky enough not to have a couple of pay cuts or lost your job, you can eat and live in good style.

Just the same, the people are getting down for a long, hard pull. The striking C.I.O. stevedores and the seven-union stevedoring firms are as far apart now as they were on May 1 when it all started. The longshoremen want 32 cents an hour more than the \$1.40 they were getting. The employers with drew an offer of 12 cents.

Only developments now are going on in court. A Honolulu group is trying to unload \$750,000 in goods from a strikebound freighter. Federal court has ordered three previous unloadings, but this time 175 consignees are involved. There may be a decision tomorrow.

In the meantime, Gov. Ingram M. Stainback is getting ready to call the legislature into session. Drastic measures are being prepared to authorize the government to seize the docks if necessary. Whether that will end the bitter strike is something else.

Sponge fishermen operating in the Gulf of Mexico are warned of approaching hurricanes by airplanes.

Truck Driver's Hand Injured in Collision

Edward Wooselko, truck driver of New York, suffered a hand injury when two tractor-trailer trucks owned by the same company were in collision early last night at East Chester street and Flatbush avenue, according to the police.

The report at 6:35 p. m. by Officers James Burns and Leonard Ellsworth said that the first truck owned by the B & E Transportation Co., Secaucus, N. J., was headed east on East Chester street, when it was struck in the rear while stopping for the light at the intersection by the truck driven by Wooselko.

The truck, which had stopped, the report said, was operated by Leo Rubin Brozok, Secaucus. Wooselko was taken to Kingston Hospital where he was treated for lacerations of two fingers on the right hand. Both vehicles were damaged, the report said.

Abernethy Writes For Law Review

James J. Abernethy, son of Mrs. Katherine E. Abernethy and the late Abel B. Abernethy, 159 Pearl street, a member of the 1949 class at Albany Law School, and Anglo J. Ingrassia, class of 1950, have been honored by the publication of an article on "Compulsory Arbitration of Labor Disputes in Public Utilities" in the June edition of Albany Law Review, a publication published by The Law Board of Albany Law School.

The article was adjudged the best submitted in a course in Labor Relations at Albany Law School in January 1949. Twenty-four pages in length, the article is one of the features of the June edition.

## Dairymen to Get \$3.61 for Deliveries

New York, July 14 (AP)—Dairymen in the six-state New York milkshed are going to get \$3.61 a hundredweight for their June deliveries to approved plants—a six-cent boost over the previous month.

The uniform price for June was announced last night by C. J. Blanford, market administrator of the New York metropolitan milk marketing area.

In May, the price was \$3.55 a hundredweight (about 17.5 cents). But the price a year ago June was \$4.76, more than a dollar above last month's.

The butterfat differential for June, he said, will be 5.8 cents for each tenth of a pound of fat above or below the 3.5 per cent standard. The month's individual production, Blanford said, set a new record for the 10-year history of federal-state milk marketing orders. Each pool producer in the area averaged 466 pounds a day, some 19 pounds more than in June of 1948.

This record production, the administrator said, coupled with a "sharp rise" in the number of producers to push the month's total production to a high level.

He said 1,580 producers were added in the milkshed, bringing the total to 46,936 dairymen. Together, these dairy farmers turned in a total 683,738,578 pounds during June—the highest amount on record since June, 1945.

Last month's total, Blanford said, had a farm value of \$23,057,689.

Consumption of fluid milk also rose in the month, Blanford said. Sale of milk from the milkshed to non-federally regulated markets, mostly in upper New York and northern New Jersey, also rose.

### Revision Approved

Washington, July 14 (AP)—The House Armed Services Committee unanimously approved today a sweeping revision of bookkeeping for the billions of dollars spent by the armed services. The measure, endorsed 27 to 0, would create a comptroller in the secretary of defense's office with full authority over the whole military budget. Under him would be comptrollers for each of the three services.

## O'Dwyer Moves to Cut N. Y. Unemployment

New York, July 14 (AP)—Mayor William O'Dwyer today appointed three city officials as a committee to see that the unemployment situation here "does not get out of hand."

Purpose of the committee, he said, is to prepare necessary steps enabling the city to act promptly in beginning "orderly, constructive, economical public works to the extent that private initiative cannot meet the problem." His statement added:

"It will be recalled that in the last depression there were for a time thousands of people employed on 'made work' of comparatively small public permanent benefit. This mistake must not be repeated."

Appointed to the committee were City Construction Coordinator Robert Moses, Welfare Commissioner Raymond M. Hilliard and Budget Director Thomas J. Patterson.

## 'Subversive' List Makes for Police State, Says Dobbs

Albany, N. Y., July 14 (AP)—The chairman of the Socialist Workers' party today told the Board of Regents today that the U. S. Attorney General's list of "subversive" organizations was "a long step toward a police state."

Fairvold Dobbs gave his views at a public hearing conducted by a special committee of the Regents.

The hearing was called to permit five organizations listed by the Attorney General as subversive to state why their members should not be barred from public school employment under the Feinberg law.

The law, enacted this year, directs the Regents to maintain a list of organizations they find "subversive" and to make membership in such a group a bar to public school employment. The act is aimed plainly at Communists.

In addition to the Socialist Workers' party the other organizations invited to the hearing were the Communist party, U. S. A.; the Workers' party, the Industrial Workers of the World and the Nationalist party of Puerto Rico.

Dobbs said in a statement prepared for reading at the hearing that the Regents' invitation to the five organizations meant:

"The Regents intend to brand you subversive because the attorney general has so branded you. The trial is already over. But if you insist, you may say a few words before a sentence is passed barring your members from their constitutional right to employment in the New York public school system."

Dobbs told the committee that "you do not and you could not have a shred of evidence that the attorney general granted us a single one of those constitutional rights."

At another point Dobbs said he had received a "rumor" from President Truman and Attorney General Tom Clark when he asked for a public hearing on Clark's "subversive" list.

Dobbs continued: "Such are the facts concerning the attorney general's illegal branding of the Socialist Workers' party as 'subversive' in power."

"To suppress the constitutional rights of an opponent party is a long step toward a police state and undisguised thought control."

## Poles Are Asked To End Pilgrimage

Warsaw, July 14 (AP)—The Roman Catholic hierarchy appealed today to Poles to stop pilgrimages to Lublin Cathedral where a woman was killed and 19 other persons were hurt in a stampede to see a portrait of the "Weeping Virgin."

The official Polish press agency said yesterday the whole story about the Virgin picture was disturbing public order. The Most Rev. Piotr Kalwa, bishop of Lublin, declared an inquiry by a special commission failed to disclose any basis for reports that anything of a supernatural character had occurred in the cathedral.

More than 500,000 Poles are said to have flocked to Lublin within the past week. Tens of thousands of peasants left the

fields and trekked into the eastern Polish city. Train and bus services were disorganized by mass pilgrimages, many of which were led by nuns and priests.

Thronging at a side entrance to the Cathedral yesterday broke down the wooden enclosure. During the melee the woman, Helen Taborska, 20, was trampled to death and 19 others were seriously hurt.

The official Polish press agency said the whole story about the Virgin picture was a disgraceful, deceiving action.

The agency, organ of the Communist government, said yesterday Catholic leaders had "deliberately" encouraged a mass pilgrimage to the eastern Polish city.

Government officials said persons spreading rumors about the reported miracle would be prosecuted.

The agency said there was reason to believe the pilgrimage was "organized for purposes other than religion."

It started when six blind Poles were said to have regained their sight after kneeling before the portrait. Priests had reported tears of blood coming from the eyes in the picture.

## Esopus Office Closed Saturdays

The Town of Esopus office in Port Jervis will operate hereafter on a five-day week schedule, remaining closed Saturdays.

Announcement to this effect has been made by Mrs. Alice Tinsley, town clerk, who said the town board approved the new practice after considering that very little business has been done at the office in the past on Saturdays.

It was pointed out that most offices of government remain closed Saturdays conforming to a five-day week schedule.

The town clerk's office will be open now Monday through Friday from 9 a. m. to noon and from 1 p. m. to 5 p. m.

## Insane Criminal Spends Night on High Water Tower

Lima, O., July 14 (AP)—An insane slayer today admitted he was cold and sleepy after a night on top of Lima State Hospital's 130-foot water tower.

Raymond Jutla scampered up the lofty tower yesterday morning after guards stopped a desperate escape attempt.

But officials of the institution for the criminal insane apparently were not very worried. They confidently played a waiting game.

"We'll wait him out," Dr. R. E. Bushong, hospital superintendent said.

The 35-year-old demented slayer or shouted answers to the questions of guards. Asked how he felt after a night on his perch, Jutla admitted "it was a little cold."

Four times during the night Jutla ventured down to the lowest crossbeam of the tower—about 30 feet above the ground. He talked briefly with guards and newsmen and said he was "cold and hungry."

Each time, however, he quickly climbed back to the top.

Promises of sizzling steaks and sweet-laden "desserts" failed to bring Jutla below the 30-foot level.

"I'll stay up here two weeks if I have to," he defiantly replied to the pleading of guards.

Jutla has been demanding that officials furnish "protection for my family from some released convicts." He did not identify the convicts.

The slayer also wanted guards to call Police Chief William Johnson of Warren, O. Jutla was sentenced from Warren Dec. 24, 1935, for the rape-slaying of Mrs. Marie Tobin, 25.

Jutla refused to say why he wanted to talk to Johnson.

Each time guards asked him to come down from the tower, Jutla declared: "Not until you send that telegram and get Johnson down here."

## Low Flying Is

week for violating C.A.B. regulations.

## Rights Are Suspended

Washington, July 14 (AP)—The Civil Aeronautics Administration today suspended the operating rights of Strato Freight, Inc. It operated the plane in which 53 persons were killed in Puerto Rico last month.

C.A.A. Administrator D. W. Rentzel accused the company of operating faulty equipment. He also asserted that it had repeatedly violated safety regulations.

Rentzel suspended the operating rights under his emergency powers. At the same time, he filed a formal petition with the Civil Aeronautics Board asking that Strato Freight's flying authority be permanently revoked.

A C-46 operated by Strato Freight dove into the sea off San Juan, Puerto Rico, June 7, shortly after a takeoff for Newark, N. J., via Miami.

There were 81 persons aboard. Twenty-eight were rescued. The

plane was being flown under charter to a travel agency. Rentzel said in his petition to the C.A.B. that an inquiry disclosed the plane was flown June 5 from Newark to Miami with a cable flap (which coordinates landing and takeoff controls) "in a frayed and weakened condition."

He said the flap was broken when the ship hopped to San Juan from Miami to pick up its big passenger load there.

In response to inquiries, C.A.A. officials said it had not been determined whether repairs were

made in San Juan. This ship is still at the bottom of the sea. Efforts will be made to raise it for further investigation.

The Rentzel petition also alleged that the condition of the cable was known to the operator, that there was an excess aboard when the plane took off from San Juan.

### Linenthal Speaks At Rotary Dinner

Michael Linenthal, operator of the Woodstock Playhouse, was the guest speaker at the Rotary Club luncheon on Wednesday. This was Mr. Linenthal's fourth appearance at the local service club in the four years he has been managing the local summer theatre.

Included in the topics discussed by the Playhouse manager were the present policy the theatre was pursuing, the financial structure of the summer institution and the direct and indirect benefits of such an institution to a community.

After a very poor attendance in the early part of the season, the speaker said that in recent weeks there was a new spirit of community cooperation in attendance and with continued support there was a possibility of the management overcoming the very heavy operating deficit at the start.

The policy of a well-balanced professional cast, rather than featuring a nationwide celebrity, was meeting with the wholehearted approval of the thoughtless, he asserted. He mentioned the current play, "Light Up The Sky" with Italia Stoddard and Rex O'Malley, which many of the opening night patrons stated was better than the New York production.

The cost of operation, which includes front office, the publicity and publication departments, the custodial care and the cost determined the price of the admissions. The gamble in the management, he declared, was the result that it all is projected on the premise that all the plays will be supported. The tickets are priced lower here than in summer playhouses in adjoining states.

The benefits accrued to a community was seen in the large number of people coming from other communities. He mentioned Newburgh residents, who will come here with over 500 people for a benefit performance. Fought-keeps delegations and patrons from other communities.

Program Chairman Al Kurdt, who is secretary of the Kingston Chamber of Commerce, in his introductory remarks said that the Woodstock Playhouse was a big asset to the community.

### LYONSVILLE

Lyonville, July 13—Mrs. Henry Wager has returned to her home after spending a few weeks with relatives in Ellenville.

Mr. and Mrs. Frank DeFranco and son spent the week-end in Garfield, N. J., where on Sunday they attended the christening of their niece, Barbara Ann.

Mr. and Mrs. Ed Moore, who recently moved near Prattsville spend their week-ends at their home here.

Mr. and Mrs. Clyde Roosa and family spent Sunday with Mrs. Roosa's sister and husband, Mr. and Mrs. John Brancione in Albany.

Wanda and Fred Roosa remained in Albany to spend the week with their aunt and uncle.

Charles Hux and son, Charles, Jr., spent Sunday at their home in Lodi, N. J.

New owners of the former Besinger home moved here Saturday.

### Rice-Cotton Project

Bangkok (AP)—The Siam government has decided to allocate \$860,000 during next year to encourage rice and cotton planting in special settlements in the north, central and southern provinces. The Public Welfare Committee, whose chairman is Premier Phibun Songkram, has asked the director-general of the Interior Department to make a survey of unemployment conditions in the provinces. It is intended to offer work at the settlements to as many unemployed as will accept.

## School Bids Are Received by Board, Contracts Given

At a special meeting of the board of education held last evening bids for work in various schools were received and contracts awarded. This work is to be done during the summer season when schools are closed for the vacation period.

It has been the policy of the board to seek bids for work of a major nature, rather than have the work done under day labor.

Bids for heating and plumbing work and equipment in three school buildings were received as follows:

Weiber & Walter, No. 2 School, \$228; School No. 3, \$298; high school \$1,094.

Ed. J. Schupp, No. 2, \$374; School No. 3, \$474; high school \$1,450.

Ed. D. Coffey & Sons, No. 2, \$485; No. 3, \$510; high school \$1,360.

Ed. F. Scully, No. 2, \$480; No. 3, \$295; high school \$1,061.85.

Luke H. Sheeley, No. 2, \$847; No. 3, \$270; high school \$1,241.

The contract for No. 2 was awarded to Weiber & Walter for \$228. School No. 3, Fred J. Schupp and high school to Edward F. Scully for \$1,061.85.

Jacobson & Company, Inc., was awarded the contract to install acoustical material in the M.J.M. school gym.

Quotations were received as follows for installation of a complete walk-in refrigerating unit in the M.J.M. cafeteria.

J. A. Cassidy & Son \$2,128. Howard's Refrigeration Service of Port Ewen \$2,310. M. Reina \$2,425. The contract was awarded to J. A. Cassidy & Son, low bidder.

A contract to install window shades in the schools was awarded to Shultz Paint Company of Kingston for \$1,748.98. This was the only bid received.

James Berardi was awarded the contract to repair the walk leading from the vocational building Broadway for the sum of \$297.50.

V. J. Costanzo, Inc., bid \$325. W. DeBrosky & J. W. Weiser was awarded the contract to install cement stairs leading from the rear of the high school to the M.J.M. School. Thomas Kennedy & Son bid \$1,687.50. James Berardi bid \$1,360. V. J. Costanzo, Inc., bid \$275.

The board also authorized the purchase of 27 new typewriters at a cost of \$1,778.75 to replace worn out machines. In the bid were eight Remingtons \$478; nine Royals \$447.75; nine L. C. Smith's \$391.50 and nine Underwoods at \$461.50. The bids are not after allowances for old machines.

Church, Modena Fire House, and caretaker of the Modena Rural Cemetery.

Local and distant fruit growers are employing a number of people from this section to pick cucumbers.

Vernard Wager and grandson, Arnold Wager of Plattville, were visitors of relatives here Monday.

### Gets Smuggled Rice

Bangkok, (AP)—Smuggled rice is streaming into Malaya from rice-rich Thailand. An estimated 22,000 pounds of it, carried by women in small lots aboard trains running from Thailand's heady and Sungal Koro stations arrive

at Padang Besar, inside the Malayan border, every month, according to business sources. In rice-hungry Malaya the cereal fetches three times its cost at the rice district of Sengkang and Inadaya. The rice gets through in spite of vigilance by customs authorities at all Thai railway stations and despite the presence of three or four policemen who travel on every train to prevent smuggling.

Kai-shek Visits  
Troops at Canton

Canton, China, July 14 (AP)—Generalissimo Chiang Kai-shek arrived here today to whip new spirit into Nationalist China's fight against the Reds.

It was his first visit to the south China city since before the Chinese-Japanese war. He flew in from his Taipei, Formosa, retreat in his four-engine Sky-master.

Clad in an unadorned jungle green uniform, the Generalissimo drew cheers from waiting notables. He went immediately to the executive yuan (cabinet) and then to pacification headquarters.

The Kuomintang (Nationalist party) central executive committee and central political council were in session. Chiang's arrival,

which was unexpected, took the conference by surprise. They all rose and bowed.

Chiang returned only yesterday to Formosa after a three-day conference at Baguio, Philippines, with President Elpidio Quirino. They decided to form an anti-Communist Pacific union.

## No Picture Needed

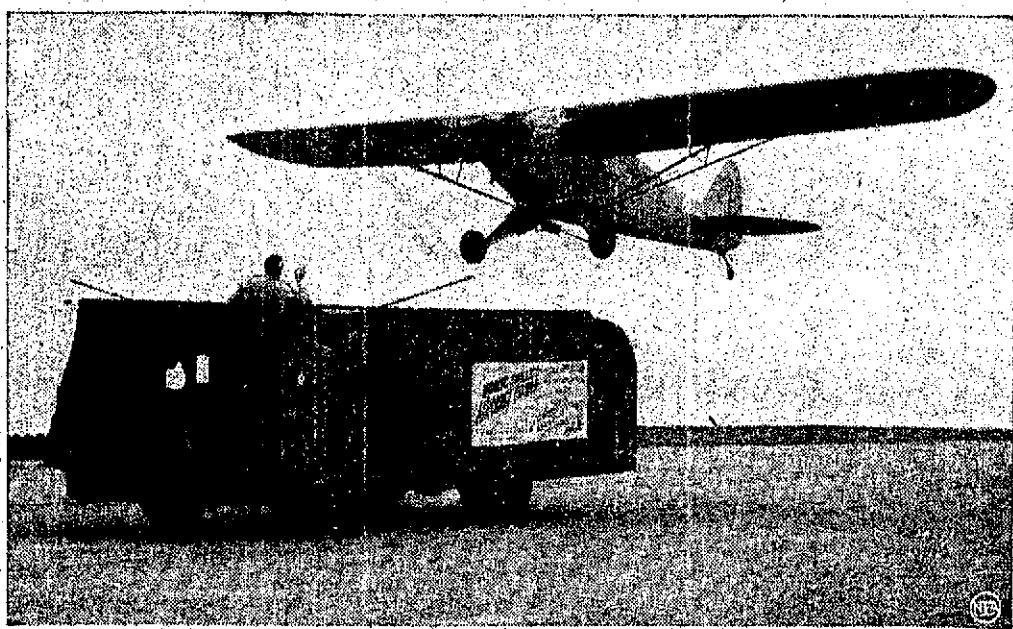

New York, July 14 (AP)—The Long Island Railroad announced yesterday it has abandoned its plan to require commuters to wear or carry in full view "badge" tickets bearing the riders' pictures and considerable personal information. No formal notice of the plan had been filed with the Public Service Commission, but spokesmen for it and the railroad discussed the matter as protests by customers increased.

## Keep Attorney

New York, July 14 (AP)—A petition to remove Harry Sacher as counsel for Local 306, Motion Picture Machine Operators Union (A.F.L.), was voted down early today at a membership meeting. A spokesman for the local said an overwhelming majority of approximately 500 members present voted to continue Sacher as union attorney and rejected a petition for removal filed by a Bronx rank-and-file group last month.

## NEW HURLEY

New Hurley, July 13—Doris Hadley, Melissa Boyce and Marie Henzel are attending the summer session at the New Paltz State Teachers College.

Miss Lucille Tyssie spent last week at the home of her grandparents, Mr. and Mrs. Fred Simpson at Stone Ridge.

Mr. and Mrs. Floyd Rowland of New York were callers at the home of their cousins, Mr. and Mrs. Edward Powell Saturday afternoon.

Mr. and Mrs. Stanley Beatty and daughter, Erma of New Paltz were recent callers at the home of Mrs. Edna DuBois and mother, Mrs. Tellerday.

Mrs. Bruce Hadley is spending a month at the home of her son and daughter-in-law, Mr. and Mrs. Otto Hadley and family.

Mr. and Mrs. Hattie Sherwood have returned home after spending a few days at the Thousand Islands.

Mr. and Mrs. Mulford Birdsall and daughter of East Orange, N. J., spent the week-end at the home of Dr. and Mrs. J. A. Thurston.

Mr. and Mrs. Fred Simpson and grandson, Kenneth Rider of Stone Ridge, were callers at the home of their daughter and son-in-law, the Rev. and Mrs. John W. Tyssie and family Sunday.

The Missionary Society will meet Thursday afternoon at the home of Mrs. Elmer Fries. The topic for discussion will be "Displaced Persons—What are we doing about them?" Answer to roll call will be a scripture verse or a selection about "Country" or "Homeland."

The congregational picnic will be held at Tilton Lake Wednesday, July 20. Each family is requested to bring a covered dish, sandwiches and eating equipment. Teed tea and dessert will be furnished. Only those children accompanied by a parent or parents will be permitted to go swimming.

The Young Women's Club was entertained Saturday afternoon at the home of Mrs. Duane Dolan with Mrs. Lawrence Dolan as the assistant hostess. The devotions were led by Mrs. Francis Garrison. The president, Margaret Dolan, presided over the business meeting. Final plans were made for the church fair to be held July 27, at the church hall at Sherwood Corners. Margaret Dolan and Ella Gregg were appointed to act as a committee for the club picnic. At the close of the meeting refreshments were served by the hostess and assistant. The following members beside those mentioned above were present: Marion Tyssie, Gertrude Wagner, Gertha Nelson, Doris Hadley, Catherine Schoonmaker, Marjory Humphreys, Myrtle Fries, May Newkirk, Adelaide Pertschnigg, Mary Wilkin and Bertha Sutton. Red Cross Dinner  
Slated for July 21

The annual dinner meeting of Ulster County Chapter, American Red Cross, will be held at the Fair Street Reformed Church, Fair and Pearl streets, on Thursday evening, July 21, at 6:30 o'clock.

Reports of the chairman, executive director, home service director, treasurer, committee and branch chairmen will be presented at the meeting. At that time the nominating committee will present names of suggested officers and board members who will be elected for the ensuing year.

Paul Hancock, national blood program field representative, will be the speaker.

Reservations for the dinner are now being received. Any person in the territory of the chapter who has paid membership dues for the year is invited to attend the dinner meeting and vote at the election.

Stands Collapse,  
Seven Are Hurt

New York, July 14 (AP)—Seven persons were injured last night when a section of wooden grandstand collapsed during an amateur softball game at New Farmers' Oval in Ridgewood, Queens.

Police reported that all seven were sent to their homes after treatment at a hospital.

Inspector Samuel Kenyon of the City Building and Housing Department later declared the rest of the stands unsafe and ordered other spectators out of them.

**Try Money Motive**  
New York, July 14 (AP)—The state is seeking to show a money motive in the "lonely hearts" slaying of 66-year-old Mrs. Janet Fay, of Albany, N. Y. Three bank work-

ers were put on the stand yesterday to tell about a \$2,000 check drawn by Mrs. Fay from the Mechanics and Farmers Savings Bank in Albany, shortly before her death. The prosecution claims the widow was the victim of a plot by the defendants, Raymond Fernandez, 34, and Mrs. Martha Beck, 29, to swindle lonely women through pseudo romances in which Fernandez played the role of suitor. The accused pair allegedly killed Mrs. Fay to quiet her questions about her funds. Yesterday's testimony recounted that Mrs. Beck, after some difficulties, succeeded in cashing a \$2,000 check—several days after the slaying.

**To Get October Trial**  
Myrtle Beach, S. C., July 14 (AP)—James Patrick Sullivan, 19, charged with the crowbar slaying of a fellow carnival worker, will be tried next October. Police Chief W. C. Newton said here yesterday. Newton said the Jamaica, Long Island youth admitted attacking K. S. Knight, 40, Monday with a crowbar and robbing him of \$17. Knight, of Columbia, died in a Myrtle-Beach hospital. Sullivan is being held in Horry county jail at nearby Conway without bond. Newton said he and Deputy Sheriff W. M. Lewis would set an inquest date later.

Now there is a really thoughtful person—a proud new father, wanting to tell the whole world about his first son, yet still remembering that there are others who may want to make calls too. He knows everyone on the line will enjoy better service when they show consideration in their use of the telephone.

This means the spacing of calls instead of making a whole series one after the other. It means answering the telephone as promptly as possible. It means cheerfully giving up the line in an emergency, and it means hanging up—gently—when the line's already in use.

Many of our customers would like to have a better grade of service than is now generally available—such as individual or two-party line.

## McKENNEY ON BRIDGE

Always Remember  
The Rule of Eleven

By WILLIAM E. MCKENNEY  
America's Card Authority  
Written for NEA Service

One of the first lessons for the beginner to learn is the rule of 11. I have written about this rule many times in my column, and you will find it in every bridge book. It is one of the basic principles in the play of the cards. It is true that it is not applied on every hand, because your partner may not always lead his fourth best. But certainly against a no trump contract, you have a right to assume that he is. In today's hand West opened

the five of hearts against the six no trump contract. Declarer played the eight-spot from dummy, and without any hesitation East played the king. South won the trick with the ace, and now played West for the queen—and the jack of hearts was the needed 12th trick.

One of the players at the table said to East, "Why did you put up your king?" "I have been taught never to finesse your partner's lead," East replied. His partner asked him if he had never heard of the rule of 11. "If you had applied this rule," he continued, "you would have known that the declarer had only one card in his hand higher than the five-spot."

Applying this rule, five from 11

is six, which means there are six cards higher than the five-spot in the other three hands. East was looking at two of them in the dummy. Holding three of them in his own hand, South could only have one. Therefore, East should have played a low heart, and then the contract would not have been made.

Don't let anyone tell you that the good player has abolished the rule of 11. He has not.

## To Show Kingston As Attractive to Industrial Firms

A four-page industrial procurement brochure will be published and distributed by the Chamber of Commerce in the near future, containing pictures, maps and giving reasons why Kingston is a good city in which to locate a factory.

Announcement to this effect was made Tuesday after the meeting of the Chamber, during which the New Industry Committee proposed the booklet. Elmer Rylands is chairman of the committee.

J. Ellis Briggs, electrical appliance dealer from Albany avenue extension and Henry Singer, downtown drygoods merchant were elected as directors to fill unexpired terms of two members who resigned. E. N. Ashton, president of Electrol Incorporated, quit as a director because of business which kept him from meetings. E. H. Fowler resigned because of ill health, he explained. Both resignations were accepted with reluctance and regrets.

Director E. T. Strong, a member of the advisory board of the recently created Ulster County Safety Council, reported on the proposed activities of that group. The directors indicated a definite willingness to cooperate and voted to permit the use of the chamber office as a mailing address to the council.

A special committee was voted to study the situation involving regional businessmen's associations and report at some future meeting. A special committee was authorized to prepare a resolution involving the Thruway and the Kingston-Rhinecliff bridge.

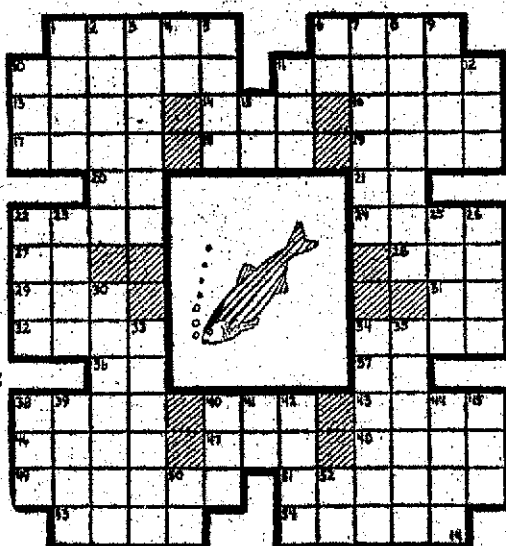

President Robert L. Teetsel was pleased at the attendance the meeting drew in spite of the warm, humid weather, and added that there was spirited interest in the discussions.

Those present were James P. Byrne, Byron S. Chatham, F. J. K. Ertel, Adrian Kaplan, Stanley Matthews, Harry Rigby, Jr., Edmund P. Rochford, Victor H. Roth, James L. Rowe, Clarence S. Rowland, George W. Schneider, Edwin T. Strong, Robert E. Teetsel, John Van Gend, Maye Newkirk, ex-officio member and Albert Kurdt, executive secretary.

Fujiyama, the famous Japanese volcanic mountain, is 12,395 feet high.

### MODENA

Modena, July 14—A meeting of the committee of W.S.C.S. members in charge of the cafeteria supper to be served Thursday evening, July 21, at the Hensbrough Memorial Hall in connection with the annual church fair, was held at the home of Mrs. Lillian Courter Monday evening.

Mrs. Courter is chairman of the supper committee. Attending the meeting were Mrs. William Decker, Mrs. Earl DeWitt, Mrs. Simon DuBois and Mrs. Hallock Harris. Additional members will be requested to assist on the committee.

Mrs. James Folen and daughter Sheila are spending some time with the former's mother, Mrs. William DePew, who was injured in a fall recently at New Hurley.

Mrs. Kathryn Van Vleet, principal of the Modena school, is associated with her mother, Mrs. Daisy Tighe of New Palis, in real estate business.

Miss Phyllis Paltridge accompanied by Miss Shirley Feldt of Plattville were in Newburgh on Sunday.

The Rev. Evelyn M. Adams was a caller in Newburgh Sunday.

Mr. and Mrs. Roy Davis of Centerville visited Mr. and Mrs. Foston Paltridge and daughter Phyllis Sunday evening.

Mr. and Mrs. Hallock Harris entertained guests at their home recently.

Myron L. Shultis, who has been ill at his home during the past six weeks, remains in the same condition.

Mary Lou DuBois has recovered from a severe throat infection.

Mrs. Lester Wager, Ronald and Kathleen Wager visited relatives in Highland Monday.

**Cargo Plane Crashes**

Dayton, O., July 14 (AP)—At least one person was killed today in the crash of a twin-engine "Flying Boxcar" here, Wright-Patterson air force base officials reported. They said from "three to six" persons were injured. The army cargo plane crashed into a parking lot fence as it was making an emergency landing because of a fire aboard, army officials reported. The plane struck from 12 to 20 automobiles parked along the fence, "flattening them and setting them afire," field officers said.

## British Send 4,500 to Work On Strikebound Port Docks

London, July 14 (AP)—The Labor government, with almost unanimous approval from parliament for its broad emergency powers, sent a doubled force of servicemen to work today on the strike-bound London docks.

Forty-five hundred soldiers and sailors, as against 2,300 yesterday, moved into the port area to unload food ships tied up by the 18-day stoppage. Another 2,700 men were ordered by the Royal Air Force to stand by for duty tomorrow.

The Dock Labor Board said 14,204 men were idle today, 3,484 more than when the emergency was proclaimed by King George VI at the request of the Cabinet last Monday.

Work on 132 ships was held up. Eight others were being unloaded or loaded by undermanned crews. Almost 40 ships still were being worked by full dock crews.

The House of Commons last night approved the emergency powers assumed by the government, which has seized control of the dock area along the Thames river under martial law. Commons approved the regulations by a vote of 412 to four. One Communist and three members expelled from the Labor party cast the only dissenting votes.

The emergency proclamation, first since the general strike of

1926, is valid for a week. Parliament can extend it to a month.

Prime Minister Clement Attlee told Commons the government would not tolerate dictation by "Communists and fellow travelers" in the strike leaders.

The executive committees of Stevenson's and Tugmen's unions, whose members are idle, waited for a report today from the union leaders who looked into the basic dispute yesterday.

There were indications they might ask the men to go back to work but the workers ignored similar pleas before from both union and government officials.

The strikers have remained defiant in the face of government charges their walkout is Communist-inspired.

The British union leaders met yesterday with Canadian High Commissioner Dana Wilgress, who had a hand in negotiations to settle the jurisdictional dispute between two Canadian unions which

has provoked the London trouble.

The longshoremen have refused to unload the Canadian ships struck by the Leftist Canadian Seamen's Union. The dock board then refused to allow these men to work other vessels. Other dock workers struck in sympathy.

The strikers say they are following trade union principles in refusing to work "scab" ships.

In a radio speech last night, Labor Minister George Trevelyan said the ships were not scab because the Canadian Trades and Labor Council had held the C.S.U. strike political.

## Congress Raps . . .

for public works "that would of course stimulate our economy," but he added:  
"There are other savings that can and should be made, and it is the duty of the President and the Congress jointly to bring about such economies."  
Republicans let loose with hot criticism. Said House Minority Leader Martin of Massachusetts: "Every day the Democratic 81st Congress is in session makes the Republican 80th Congress look better. The President may be fooling himself, but he isn't fooling many other people."  
If cutting taxes last year was such an awful blunder, I don't know why the President isn't standing by his original request for a \$4,000,000,000 tax increase."

Senator Wherry of Nebraska, the Senate Republican leader, put it this way:  
"The Truman administration is the crowd that is leading us into the ditch. The administration is taking us right down the avenue of deficit spending, and I don't know how we could go into the ditch any faster or deeper."

ing at the Bal Tabarin in New York. In Virginia Forth's column in the New York Sun Tuesday the local girl received a very favorable review. "Kay" began her career locally and gradually attained prominence.

During the war Miss Penzato was a U.S.O. entertainer, flying more than 100,000 miles to entertain in thirteen countries. Among the important persons to hear her were the king and queen of Egypt, the king of Greece and the king of Yugoslavia.

The first steel rail was rolled of American steel in 1885.

## Reds Say Priests Refuse to Yield Czech Parishes

Prague, July 14 (AP)—The Czech Communist press claimed today that some priests who had been excommunicated by Roman Catholic authorities for siding with the government in the state-church fight were staging sit-down strikes and refusing to surrender their parishes.

These reports claimed that in one case a priest had turned back several "pressure groups." These excommunications were imposed upon priests who joined up with the Communist-sponsored separatist Catholic action movement with which the Catholic bishops charge the government is trying to divide and conquer the church.

No mention has been made here, yet by the controlled press and radio of yesterday's decree from Pope Pius XII ordering major excommunication against all militant Communists, relating even to persons who read Communist-produced literature.

This decree is vital to this predominantly Catholic country, which for months has been torn by church-state strife. Here the priests and faithful are bombarded with Communist-produced "church papers" which are stamped with the seal of the Catholic consistorial (administrative offices), now occupied by representatives of the Ministry of Education.

It was expected that the Communist government would reject the Pope's order. The minister of education already has issued an ordinance declaring illegal excommunications and other penalties imposed by the Catholic hierarchy "for political and not religious reasons."

## Funeral Is Held For Plane Victims

Bombay, July 14 (AP)—Funeral services for victims of the Royal Dutch plane crash in which 45 persons perished Tuesday were held today as monsoon rains flooded the city for the fourth straight day.

It was a simple ceremony attended by U. S. Ambassador Roy Henderson, high Indian officials and the Dutch, Chinese and American consuls.

Services were conducted by representatives of the Catholic, Protestant and Jewish faiths. Sixty-five wreaths were placed at one end of the town hall. They were gifts of the Indian government.

Ambassador Henderson identified the bodies today—that of Vincent Mahoney, one of the 13 American correspondents killed. The number of bodies brought to the morgue now totals 42. Two of the nine bodies recovered yesterday were those of women.

A search for three bodies still missing continued about the foot of Ghatkopar Hill where the big K.L.M. plane crashed and burned.

## To Honor Stilwell

West Point, N. Y., July 14 (AP)—The Popolopo creek dam and reservoir on the U. S. Military Academy reservation will be renamed Stilwell Dam and Stilwell Lake in honor of the late Gen. Joseph W. Stilwell. The change will be made in ceremonies here July 26. A bronze memorial plaque, presented by a group of engineer veterans of the China-Burma-India theatre, will be unveiled by Mrs. Stilwell, Maj. Gen. Bryant E. Moore, superintendent of the academy, will deliver the dedication address. Gen. Stilwell was graduated from the academy with the class of 1904. He commanded U. S. forces in China-Burma-India from 1942 to 1944.

## Health Group to Give

**Out Literature at Fair**  
Woodstock, July 14—The final meeting for the season was held by the local Public Health Committee last week at the home of Mrs. Irwin Ait.

Mrs. L. Bured, presiding, reported that seven children had been taken care of at the last consultation clinic. Mrs. M. Bohrens furnished the transportation for them. Five children are on the list for dental care at the clinic according to Mrs. Edward Devlin.

A new ruling made by the committee insists upon borrowers of sick room supplies signing the loan book when the articles are removed. Mrs. L. Kreyer is in charge of the loan closet and can be reached by phone at Woodstock 246.

The members were informed that the Woodstock Public Health Committee has a table at the Saturday morning market fair for the purpose of giving information and distributing health literature. They also learned from a public health nurse, Anne Cassidy, of the newly formed Kingston committee caring for children suffering from cerebral palsy.

Recent contributions received by the local Public Health committee and to be used in their work included \$5 from Wopowog Knolls and \$10 from Mrs. M. Cousins.

Refreshments were served during the social hour which followed the meeting.

## Rev. Nolan Leaves For Parish in N. Y.

Woodstock, July 14—Four years as pastor of St. Joan of Arc Roman Catholic Church, St. John's parish, will be concluded this week when the Rev. Philip J. Nolan assumes his duties as pastor at St. Patrick's parish, Bedford, N. Y.

In a farewell sermon to his congregation last Sunday, Father Nolan expressed his sincere appreciation to those in his parish for "the splendid good will, cooperation and generosity" accorded him. He stated that he had asked for the change because of ill health. His successor is the Rev. James J. Riordan, former assistant at St. Monica's, New York city, who will assume the duties of his new pastorate on Saturday.

Because of Father Nolan's express wish, no social event will be held prior to his leaving. He also requested that no purse be given him because "you will need the money to carry on the work here," said Father Nolan. He spoke of the fact that the churches and parish house were all in good repair and stated, "you should feel gratified because you have worked with me to make these things possible."

The parishioners lingered on Sunday morning to say goodbye to Father Nolan who has given so much of spiritual value to them during his term as pastor.

## Increase Is Voted For Water Works

Woodstock, July 14—At a regular meeting of the town board held Tuesday evening in the town clerk's office, a resolution was unanimously adopted authorizing and directing the supervisor to make application to the state comptroller for approving the increase in the maximum amount to be expended for the Woodstock water district from \$150,000.00 to \$211,000.00.

The resolution offered by Justice of the Peace Joseph Fitzsimmons, seconded by Councilman Joseph Forno and duly adopted, reads: "Whereas, petitions in accordance with Town Law, Section 202-4, have been duly filed with the board containing the required number of signatures of residents property owners owning taxable real property in the Woodstock Water District aggregating at least one-half of the assessed valuation of all taxable real property in the Woodstock Water District according to the latest completed assessment roll, and said petitions in all other respects comply with the requirements of Town Law, Section 191; which petitions seek to have the maximum amount au-

thorized to be expended for the construction of the water works system in said district increased from the sum of \$150,000.00, as heretofore approved by the state comptroller, to the sum of \$211,000.00; and

Whereas, before this board can grant the relief sought by said petitions, an order of the state comptroller must be obtained approving the increase of such maximum amount as stated in said petitions; and

Whereas, before calling a public hearing on said petitions, in accordance with Town Law, Section 202-4, this board desires to have such prior approval of the state comptroller, now, therefore, etc."

The bids under section 1 of the proposal for the water system, originally scheduled to have been opened July 11, were postponed for opening until Monday, July 18, at 3 p. m. It is understood the postponement was granted because of contractors' requests stating the original time to be insufficient for preparing proper bids.

## Lamps Are Added By Craftsmen's Guild

Woodstock, July 14—White pottery lamps on wood bases, created by Harriet Goddard, have been added to the interesting collection of lamps already on display at the Woodstock Guild of Craftsmen shop. Miss Goddard's lamps have been recommended for use in either a period or modern room.

The well known sculptor, Nicholas Mecharnik, has also added carved lamp bases to his work on display which includes fine carved animals. His fascinating Egyptian-type cat and a delicate little deer are among some of the most appealing ones.

Lamp shades by Katharine Boyd are also available at the Guild Shop.

## 'Merrie Chase'

Woodstock, July 14—Anticipation grows among the avid cartoon strip readers as the date for launching Carl Hubbel's "Merrie Chase" approaches. This new strip by the local cartoonist will make its debut July 31. In a recent announcement, we incorrectly entitled it "Marry Chase."

## Marionette Show

Woodstock, July 14—Woodstock Unit 1028, American Legion Auxiliary, will sponsor a marionette show "Rip Van Winkle" at the Woodstock Town Hall, Thursday, August 4 at 2:30 in the afternoon and 8:15 in the evening. The public is cordially invited to attend.

## School Plan Changes Discussed at Meeting

Woodstock, July 14—The board of trustees, Woodstock School District 2, met Monday afternoon with Architect Albert Graesser to discuss minor changes in the proposed plans for the new school as recommended by the New York State Board of Education.

According to board chairman, Clark Neher, the changes will be made and the plans again forwarded to Albany for approval. He hopes that a meeting of the dis-

trict to vote on the proposed new school may be had within a short time.

trict to vote on the proposed new school may be had within a short time.

## List of Artists Given For Concert on Sunday

Woodstock, July 14—The artists who will be heard in the Maverick Sunday concert, July 17, at 4 p. m. include Inez Carroll, pianist; Altio Pignotti, violinist; Patricia Hammond, violinist; Anita Schmedes, violinist; Horze Britt, cellist and Phyllis Casselman Young, cellist. The program: Beethoven, Sonata Opus 12, No. 1, in three parts for violin and piano and Boccherini

String Quintet in C Major, four parts, for two violins, viola and two violoncellos.

## No License, Driver Is Arrested Twice

Woodstock, July 14—Samuel K. Porter, 1777 Brevant avenue, Bronx, and a summer resident in the town, was arrested Monday by State Trooper R. J. Dunn for operating a motor vehicle without a license. The car is owned by Barton Mattison. Porter pleaded guilty at a hearing before Justice of the Peace George J. Brundley and paid a fine of \$5.

On Wednesday, Porter was again arrested by Trooper Dunn and charged with operating without a license, a car owned by Wolfgang Bechtold, Bearsville, and also for damages amounting to \$43.76 caused by colliding with and breaking through a white picket fence on property owned by Mary H. Lee, Woodstock. A fine of \$15 was levied by Justice Brundley when the defendant guaranteed the damages.

## Albany Approves Parking Request

Woodstock, July 14—Supervisor Kenneth L. Wilson has communi-

cated with the State Traffic Commission, Albany, requesting its approval to prohibit parking on the east side of Neher street, a town road, between the junction of Neher street with Route 212, and the American Legion road.

Similar approval also has been asked for at the request of the directors of the First Church of Christ, Scientist, to prohibit parking of vehicles 15 feet east and 15 feet west of the center of the driveway entering the church property on Route 212.

County Highway Superintendent James Loughran and Town Highway Superintendent Howard France have approved the requests.

## Customers' Corner

How do you like the fresh fruits and vegetable department in your A&P store?

Are the vegetables fresh and crisp — as they should be?

Are the fruits firm and ripe — as they should be?

Are the displays neat and orderly — as they should be?

Are the clerks helpful and courteous — as they should be?

We maintain buying offices wherever and whenever fresh fruits and vegetables of top quality are available. We rush this produce in refrigerated trains and trucks to our warehouses and stores. We price it to sell quickly and we inspect it constantly all along the line for any sign of deterioration.

In other words, all our efforts are aimed at offering you only the finest and freshest fruits and vegetables.

If we ever fail to do this, we will consider it a favor if you will tell us about it. Please write:

## Attains Success In Year of Art Started When 83

Woodstock, July 14—A small box of crayons opened up untold horizons for Melchior Pressman at the age of 83, and in less than a year, the quaint charm of his primitive painting was being hailed by critics in New York city and elsewhere when he had his first one-man show of 24 paintings at the Carlebach Gallery, New York.

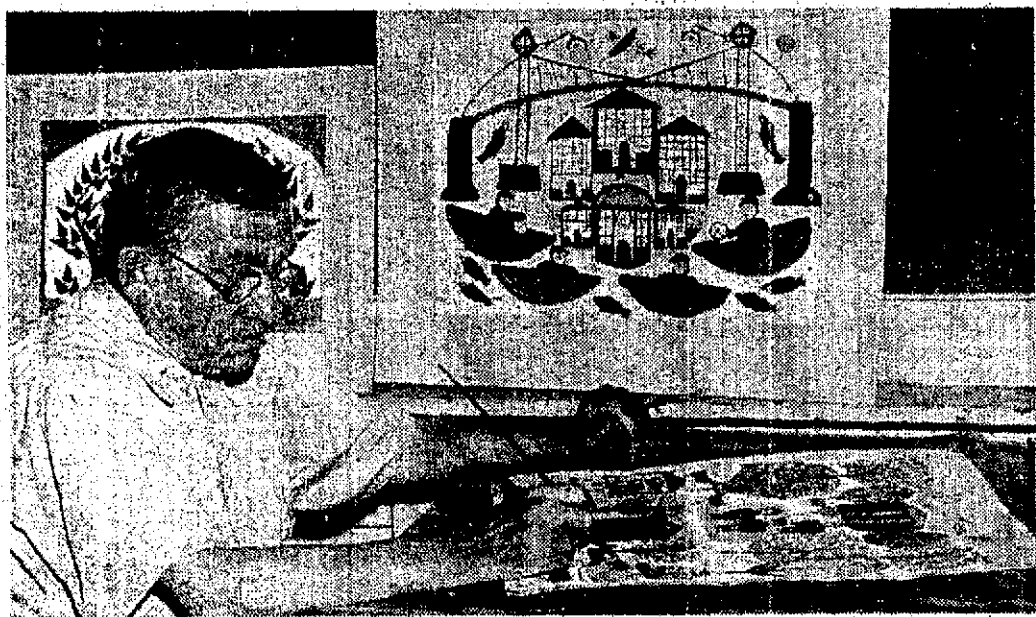

His first visit to Woodstock last summer was soon interrupted because of illness requiring hospitalization. However, he returned last month for the summer months and is exhibiting his primitive "Jacob's Death" at the Woodstock Art Gallery in the current exhibition.

At the height of a self-made successful career, Pressman then 85 was forced to quit work after a heart attack. A quiet life followed but at 71 he had a leg amputated because of gangrene and believed he was really through. "There was nothing more to look forward to except painful hopping around on crutches and lonely empty hours until the inevitable happened."

His daughter-in-law, Mrs. Benjamin Pressman, an amateur painter was working on a design as he sat watching. Because of the interest shown, Mrs. Pressman gave him a box of crayons and a sketch pad and the now well known painter, timidly made his very first drawing.

In his work, Pressman has gone back to the strong impressions of his youth spent in an obscure

## Pastime Gains Him Fame as Artist

Melchior Pressman, 84, is regarded as one of the day's leading exponents of primitive art. He is showing his "Jacob's Death" at the Woodstock Art Gallery in the current exhibition. He has attained fame in the short space of a year, after taking up crayon work to pass hours that seemed to drag because he could not get around following a leg amputation. (Freeman Photo)

Galician village. His paintings reflect the imprint of a deeply religious home life. He believes in the bible stories he paints and also likes to reproduce the things that grow and the farm beasts he tended as a boy.

He came to America in 1898 but was too busy working and raising a family to have much time for the cultural things. For years before he found his new medium of expression he said, "I was a most unhappy man. My one thought when I woke up was to hope the day would pass quickly." A gentle smile lighted up the 84-year old man's eyes as he continued, "now I hope the day will be long because there is so much to accomplish."

"Paintings which have something of the strength of early Byzantine art as well as the colorfulness and naivete of Ponnysylvan Dutch" was Dr. Carlebach's description of the work.

In a review of the New York show, the Art Digest reviewer stated "...there is quaint charm ... but actually the imaginative preoccupation which is the most unusual aspect of his paintings proves an artist's observation must have always been present."

Much of his work has been acquired by collectors on the West

Coast as well as the East Coast and one painting was reproduced for the Passover issue of a Hebrew publication.

### Young Forum

Woodstock, July 14—"Our Point of View," a forum of young artists, will be the feature for the next Gallery evening, to be sponsored by the Woodstock Artists Association, Saturday, July 16, at 8:30 p. m. in the Woodstock Art Gallery. Arnold Blanch will be the moderator. The public is invited to attend.

### To Open Shop

Woodstock, July 14—Mrs. Minnie McManus, widow of Arthur McManus who for many years operated the Woodstock Construction Co., will open her first business enterprise Friday. It will be Bonnie's, located on the Main street, a new shop of children's apparel and ladies' lingerie.

### Like New Lights

Woodstock, July 14—The new lights at the junction of Routes 212 and 375 opposite the Town House and the three in the village are receiving very favorable comment from the villagers and visitors alike. It is expected that

eventually this type of light will be installed from the Country Club to the Methodist Church.

### Zena Club Dances

Woodstock, July 14—Beginning Saturday evening, July 16, the Zena Country Club will hold weekly square dances on Saturday evenings. Music will be furnished by Harold and Juddy. The public is cordially invited to participate in these weekly events.

### Bob Guest Stars In New Riotous Play at Maverick

Woodstock, July 14—The Bob Guest influence was easily recognized Wednesday night by an audience which appeared to be completely "in the mood" to enjoy the nonsensical fare presented at the Maverick Summer Theatre in a fanciful of Moller's "The Imaginary Invalid."

The play will continue through Sunday night, June 17. Moller's play is a story about a hypochondriac who tries to marry off his daughter to a doctor to save expense. Through all this runs music and sound effects to make a completely insane evening in the theatre.

Ronnie Sare, attired in ballet costume, provided the low comedy throughout the play as the maid who was constantly in attendance at the bed of the invalid, imitability portrayed by Bob Guest. The dance routine, snatches of song and general tomfoolery, all contribute to the frolic of the production.

The audience caught the spirit of the players, let their imagination run riot, and obviously had a very good time doing it.

The jovial cast included June Glover as Belina, the wife; Ronnie Sare, Tonette, the maid; Judy Hollis, Angeline, the daughter; Dwight Carter, Dr. Diagonius; Bill Greffe, Cleante, the lover; Jacqueline Rigmont, Delphina Brownlee, nurses; Bob Guest, Mr. Argan, the invalid; the Man, Tom Reddy; Mary Jane Flinn, Elsie Hoffman and Jan Marnack.

## Youthful Trio Stages Stickup

Elmira, N. Y., July 14 (AP)—Clerks in a department store office just laughed when two 12-

year-old boys and an 11-year-old girl waved toy pistols at them and announced a stickup.

But \$465.95 the children had hidden in a field wasn't play money. Police quoted the kids as saying they took most of it from an open safe after the chuckling

clerks had resumed typing and filing. The clerks hadn't missed the money.

Police said the youngsters, picked up for questioning yesterday about another theft, led them to the field, where the money was found in three wallets.

Authorities held the trio as juvenile delinquents.

The points has spread across the world from the Andean highlands of South America.

Milk is said to be the most complete food supplied by nature.

### Stone Ridge Library Celebrates 40th Year In Planning Its Annual Fair for July 23

With movies in continuous performance, an entertainment by the children of the village and plenty of everything to buy, the Stone Ridge Library will celebrate its fortieth year of service to the community with a fair to be held on the library grounds on the afternoon of Saturday, July 23, from 2 to 6 o'clock.

Featured offerings for the afternoon will be: Food table under the auspices of the Mormal Club, Miss Sarah Lounsbury, chairman; children's amusement, Mrs. Leroy Vanderburgh, chairman; quality table, Mrs. William MacGregor Mills, chairman; book mart, Mrs. George Percy, chairman; vegetable and plant table, Mrs. Kenneth Davenport, chairman; miscellaneous table, Miss Alberta Davis, chairman, and as an especial novelty for the first time this year there will be a jewelry table, Miss Catherine Masbroeck, chairman.

The entertainment given by the

children will be under the joint direction of Mrs. Jacob Osterhout and Mrs. Edward Muller of the Stone Ridge School. Refreshments will be available under the direction of Mrs. William MacGregor Mills. The Rev. Robert Ward of St. Peter's Episcopal Church of Stone Ridge will be in charge of the portable microphone and the movie projector. The features scheduled to be shown will be: "One People," colored animated cartoon and "This Is New York."

Donations for the various tables are requested to be left at the library during open hours Wednesday and Saturday from 3-5 and from 7-9 p. m. It will greatly expedite the work of the various chairmen if all such donations, except perishables, be left not later than this Saturday night.

District committee chairmen are: Mrs. Larry Egert in Marbletown, Mrs. Robert Carleton in Coticelli and Mrs. Clarence Miller in Kipploush.

### Mildred Whitten, Accord, Is Bride

Announcement has been received of the wedding of Miss Mildred Ruth Whitten, daughter of William John Whitten of Accord, to Staff Sgt. Leroy Charles Weygand of Fort Worden, Wash., son of Mr. and Mrs. Xavier Weygand of Grand Ridge, Ill. The double ring ceremony was performed June 25 in the Fort Worden chapel by Chaplain Floyd W. Sherry.

The floral setting for the ceremony included baskets of summer blooms flanking the altar and a background of assorted roses. The chapel organist played "I Love You Truly" and the bride's brother, Paul Whitten, yeoman second class, who came from San Diego, sang "Always and Because."

The bride was given in marriage by her brother-in-law Sgt. L. C. Charles M. Riseborough of Fort Worden. She wore a gown of white China silk with fingertip veil of nylon net and crown of white rosebuds. Her bouquet also was of white rosebuds.

Her sister, Mrs. Riseborough as matron of honor wore a yellow gown with matching shoulder-length veil and carried green tinted carnations. Miss Jeanette Silbernagel and Mrs. Kenneth George Williams, as bridesmaids, wore similar gowns of pink orchid with matching shoulder-length veils and carried yellow tinted carnations. The flower girls, Tanice Stubbs and Barbara Flynn, wore light blue organdy with matching bonnets and carried miniature colonial bouquets.

Sgt. Kenneth George Williams was best man. Ushers were Sgt. James Madden and Cpl. Edmund Matten.

The bride had as her honor guests, the Misses Jeanette Kirby and Viola Eastman of Port Townsend, Wash., and the featured performers during the second week of the Jacob's Pillow Dance Festival at Lee, Mass. Matinee and evening dance concerts will be held Friday and Saturday at 4 and 9 p. m.

Miss Adams and Mr. Laing, stars of the Ballet Theatre Company which is in residence at the festival this summer, will dance the world premiere of a new work by Antony Tudor, "The Dear Departed," with score by Ravel; and the "Grand Pas de Deux" from Act II of "Swan Lake" after Petipa with music by Tchaikovsky.

Miss Kinch will perform four works of her own creation: "Amerindian Suite" with score by Manuel Galea (sung by the composer); "Ring-a-Peg" (Mozart); "Variations on Three Classic Gestures" (Galea); and "Spanish 1890" (Galea).

Noble Paulickpulle, representing ethnologic dance, is Ceylon's foremost creative dance artist. She will do "Sigiriya Frescoes" (Ceylonese); "Vasanta Rangholi" (Hindu); "Nari Latha" (Ceylonese); and "Agni Poojah" (Hindu).

Geraldine Shuster and Manuel Galea will provide piano accompaniments for Miss Adams and Mr. Laing and Miss Kinch respectively, while Miss Paulickpulle will use native recordings.

#### Berkshire Festival Opens

Bach-Mozart Series Saturday  
Lenox, Mass., July 14—A big attendance is expected for the opening week-end of the Berkshire Festival Bach-Mozart series in the theatre-concert hall at Tanglewood. A Bach concert will be given Saturday evening at 8:15 o'clock and a performance of work by Mozart Sunday afternoon at 3 o'clock.

Richard Burgin, Boston Symphony Orchestra concertmaster, and his wife, Ruth Fossett, will play Bach's "Concerto for Two Violins, in D Minor, in the opening event. Saturday, Dorothea Powers, violinist, will be soloist in Mozart's "Concerto in A Major, No. 3," the following day.

The second half of the Sunday concert will be broadcast over the N.B.C. network from 4:30 to 5:30 p. m.

Public debut of fluorescent lighting took place in New York city on April 21, 1938.

**NO MORE ICE? —** Marcia Drewry works in an ice show. But like everyone else she likes a day off once in a while when she can hang up her skates and go swimming instead. Marcia limbers up before hitting the surf at Malibu Beach, Calif., where she's "cooling off" from her job as ice choline.

#### Jacob's Pillow Dance Festival

Names Performers for Program  
Diana Adams, Hugh Laing, Myra Kinch and Noble Paulickpulle will be the featured performers during the second week of the Jacob's Pillow Dance Festival at Lee, Mass. Matinee and evening dance concerts will be held Friday and Saturday at 4 and 9 p. m.

Miss Adams and Mr. Laing, stars of the Ballet Theatre Company which is in residence at the festival this summer, will dance the world premiere of a new work by Antony Tudor, "The Dear Departed," with score by Ravel; and the "Grand Pas de Deux" from Act II of "Swan Lake" after Petipa with music by Tchaikovsky.

Miss Kinch will perform four works of her own creation: "Amerindian Suite" with score by Manuel Galea (sung by the composer); "Ring-a-Peg" (Mozart); "Variations on Three Classic Gestures" (Galea); and "Spanish 1890" (Galea).

Noble Paulickpulle, representing ethnologic dance, is Ceylon's foremost creative dance artist. She will do "Sigiriya Frescoes" (Ceylonese); "Vasanta Rangholi" (Hindu); "Nari Latha" (Ceylonese); and "Agni Poojah" (Hindu).

Geraldine Shuster and Manuel Galea will provide piano accompaniments for Miss Adams and Mr. Laing and Miss Kinch respectively, while Miss Paulickpulle will use native recordings.

### Second Ceremony Held

Genoa, Italy, July 14 (AP)—Movie star Jennifer Jones and David O. Selznick, film producer who discovered her, were married at a city hall ceremony here yesterday.

The couple previously had gone through a ceremony aboard a rented yacht off the Italian Riviera. The service was conducted by the boat's British captain, Ernest J. Stroud, Rudy Crespi, wealthy Italian friend of the couple, gave a reception aboard his own yacht. The reason for the Genoa wedding was not announced.

It was suggested, however, that Capt. Stroud had no authority to perform the ceremony in Italian territorial waters.

### Student Veterans Urged to Get Their School Certificates

Veterans planning to change schools or to enter school under the G.I. bill next fall were urged by the Veterans Administration today to apply now for the V.A. certificates they must have when registering for studies.

John E. Delehanty, local V.A. official, said veterans changing schools need a supplementary certificate of eligibility when they may obtain by writing the Veterans Administration office through which they have been receiving education benefits.

The supplementary certificate shows school authorities how much G.I. education credit the student has used and how much additional schooling he may obtain at government expense.

Delehanty said veterans planning initial G.I. bill education enrollments in the fall must complete an application form which can be obtained at any V.A. office and at the veterans affairs offices of most schools. This application, when completed by the veteran, V.A., and the school, contains the information needed by V.A. before it can pay tuition on behalf of the veteran and any subsistence to which he may be entitled.

By applying for these certificates well in advance of school enrollment dates, the V.A. official emphasized, veterans help reduce the possibility of delays in receiving subsistence checks.

# Poughkeepsie Chiefs Score Early to Trip Colonials, 6 to 2

## Sostre Excels in Relief Performance For Locals; Stamford Here Tonight

The Lions Club served refreshments and presented the Kingston Colonials with a birthday cake on the occasion of their first anniversary in town last night before 804 cash customers at municipal stadium.

Eli Peterle, aging journeyman right hander of the Poughkeepsie Chiefs, served up eight gooseeggs and that was largely the story of the Chiefs' 6 to 2 victory.

It will be the league-leading Stamford Pioneers at the uptown ballpark tonight to open a two-game series with the Colonials. The Pioneers vaulted into first place last night with a 3-1 win over Bristol while the Waterbury Timers upended the Bridgeport Bees, 3-1.

Game time is 8:30 p. m.

### Sostre Is Tough

Francisco Sostre got into the goose-egg act in the second inning and blanked the Bridge City nine through seven straight but the damage had long since been effected.

The Chiefs teed off on Hamilton Graham for a quartet of runs in the first inning and loaded the sacks in the second frame before Manager Julio Laviano led him to safety. Sostre yielded a two-run single to Jake Charter, the Old Blue, and then closed shop for the night.

Peterle, who has done anything but terrify Colonial League batsmen this season, was a superb craftsman for six innings. He gave up a pair of turtles in the seventh and then blanked the locals in the last two rounds. The records indicate that Peterle is not one of the pitching giants of John Seals' circuit but the Colonials certainly made him look like one. Their two-run harvest represents a grand total of five in the last 34 innings.

For the benefit of the purists, let us review the happenings of the seventh inning. Johnny Elchin, dropped a Texas Leaguer among three Chiefs to open the frame. Sostre tapped to first baseman Eddie Fasiska but nobody covered first. Fasiska threw anyway and the runners advanced to second and third. Eddie McNamara's single delivered Plenchin with the first in the inning. Then a double play ball to short but the Chiefs got only one

man when O'Dell's throw went past first and Sostre scored the second run. After Thomaier stole second, Plowshay popped to third base to end the threat.

**Plowshay Falls**  
Eddie Plowshay, the new right fielder was inserted into the clean-up spot and falled twice in the clutch. In the fifth he came up with Perlmutter and McNamara on second and third and fanned. In the ninth, he left McNamara and Thomaier on base by striking out for the second time. But he wasn't the only man at fault in the LOB department. There were 11 of them.

The Chiefs sailed into Graham in the first frame and ruined the birthday party just as fast as that. Stamplighe beat out a hit to short and Morris shot a single past third. After Morris fanned, Fasiska sliced an outside pitched to the left field corner, scoring Morris. Charter walked and "Digger" O'Dell lined a single to center to score Fasiska. Burke's singleton to right and a double steal accounted for the third and fourth runs.

Graham loaded the bases in the second with walks to Morris and Fasiska and Zack's slash into right field. Sostre relieved him and Charter promptly relieved Sostre of two runs with a solid single to right which was to close Poughkeepsie's scoring for the night. The Senor was masterful after that and should be moving into the starting rotation pronto. Dunny Perlmutter came up with two of the Colonials' seven safe-

ties. Zack, Charter, Fasiska and O'Dell each had two for Poughkeepsie.

**COLONIAL CAPERS:** Harry Petty has been placed on the inactive list in order to make room for Jim Gordon, the new Negro pitcher-first baseman. Gordon has a 12 and 4 record with the Indianapolis club of the Negro American League in 1947 and has a reputation as a good hitter. Petty is due to draw his release any moment. Gordon made a nice stab of Stamplighe's hot smash over first base in the second. Donald "Digger" O'Dell pranced around second base like a gazelle. His only faux pas in 10 chances was a bad throw to first on an attempted double play but he was saved an error because the front man was knocked off. Jake Charter, former Poughkeepsie High School catcher, is developing into a competent outfielder and hitter for the Chiefs. Manager Gabo Mauro of the Chiefs kept sending them down to second base and Jose Abreu kept knocking them off—three attempted base stealers biting the dust. Everytime Sostre came in with his "changeup" somebody rammed it for a single. Otherwise the Senor was 14-keat. Eddie Plowshay made his debut in futile fashion at the plate but made a gaudy running catch of Peterle's sinking line in the eighth. Hamilton Graham experienced one of those nights when he didn't have a thing, was keyed quickly, made a quick change of clothes and sat out the dance with the cash customers in the first base section. Another of the prodigal sons, Charlie Broadhead, was back in his familiar haunts below the pressbox. Dave Freer served as substitute operator of the electric scoreboard and his deft manipulations resulted in rare confusion, excitement and consternation. Major Ted Lee, Lion's Club president and Mayor Oscar V. Nowkirk presented Ted Laviano of the Colonials with a birthday cake in the seventh inning. It had one candle burning, signifying one year's stay in Kingston for the Class B tossers.

### Newsom Barks on Trip

Chattanooga, Tenn., July 14 (AP)—Louis (Bobo) Newsom, winner of 10 games for the Chattanooga Lookouts this season, refused early today to accompany the Southern Association team on a road trip to Little Rock. The pensive Newsom, reportedly winner of more games—300-plus—than any other pitcher now active in baseball, balked at boarding the train here. The Chattanooga Times said, in the face of a warning from club President Joe Engle that if Bobo doesn't get on that train he will be suspended for the rest of the season, and fined.

### Bagatelles:

This week's issue of the Sporting News, J. G. Taylor Spink's baseball bible, carries an item that may cause some eye-brow lifting around the Colonial League. The direct quotes are interesting yet ominous for local OB addicts.

It says here: "Financial troubles by some clubs in the New England and Colonial leagues have brought reports of the merger of the two into one next season. One lineup has Bristol, Bridgeport and Waterbury of the Colonial, joining Nashua, Manchester, Portland, Springfield and Pawtucket or Fall River in a new Class B Loop. . . . End of quote.

The \$64 question: Whither Kingston, Poughkeepsie and Stamford? More later.

### McDermott, a Genius, Mayhap:

He's still a month shy of being 21, but regardless, four hard-bitten pitching gurus agree that Maury McDermott, Jr., the Boston Red Sox skinny southpaw rookie, is as impressive now as Lefty Bob Grove was at the age of 25, when Connie Mack bought him from Baltimore for more than \$100,000.

McDermott is a native of Poughkeepsie, the son of Maury McDermott, Sr., who will be recalled by original Kingston Colonial fans as a combination pitcher-first baseman who could throw buckshot and hit the long ball.

Since being recalled from the Louisville farm club last month, the string-beanish McDermott has won three of his four starts for the Red Sox and while doing so has amazed American League batting stars with his blinding speed.

### Praised by Joe McCarthy:

Marse Joe McCarthy, the Boston Red Sox pilot, has a questionable reputation for never showering praise on one of his ball-players, but in McDermott's case he made an exception. He predicted that the Hudson valley youth would develop into one of the all-time greats in pitching history.

Catcher Birdie Tebbetts, Johnny Murphy, the former New York Yankee fireman who heads Tom Yawkey's farm system, and Paul Schreiber, the Soxers' canny batting practice pitcher, agree that young McDermott will not be forced to wait for his 27th birthday, as Grove did, before becoming a 20-game major league winner.

Before entering the Red Sox fold, McDermott was a child pitching prodigy for St. Patrick's High School in Elizabeth, N. J., where later at the tender age of 14, he ranked as an outstanding semi-professional hurler.

Part of his first four seasons as a Red Sox chattel were spent with the Scranton Eastern League farm unit. And during his first 11 games for that club, he struck out 115 batters in 87 innings while putting together only three wins against six losses. He has come a long way since then and is here to stay.

Myron Goldman reports that the stadium roof fund has swelled to \$5. Balance needed—\$49,995. Mayor Oscar Nowkirk hasn't seen in his buck but hints that a \$4 increase in the tax rate might turn the trick.

With the Braves faltering and the Red Sox unable to stay in the first division, things in Boston are gloomier than at any time since the Redcoats were coming.

Pierce Russell, the Troy Country Club amateur ace who recently won the Robert Todd Lincoln Memorial tournament at Ekwanok in Vermont, is a sharpshooter with his pitching irons, but less certain on his long approach shots.

Russell explained thusly: "The Troy Country Club where I play most of my golf, is a drive and pitch course, so I don't get many chances to practice my long irons. Our golf pro, Eddie Schultz, has helped me by stressing a lateral motion of the body instead of a pivoting motion. This makes for control." "On my drives I'm a disciple of the Claude Hammond square club face theory on the uptake and down-stroke. I try to keep the club face flush to the ball all the time. Never do I consciously cock my wrists at the top of the swing."

## MAJOR LEAGUE ROUNDUP

By The Associated Press

By JOE REICHLER (Associated Press Sports Writer)  
The major league pennant races are going to wind up in two triple ties for first place.

At least that's the conclusion one draws after comment from Casey Stengel, Burt Shotton, Joe McCarthy, Connie Mack and other optimistic pilots.

The latest and most surprising skipper to look into the future through rose colored glasses is Joe McCarthy, the unusually reticent leader of the Boston Red Sox.

Although weighted down in fourth place, eight and a half games off the pace at the half-way mark, McCarthy insisted that his club "from here in is the team to beat" in the American League race.

"We'll be there or thereabouts at the finish," he said. "Everything has been breaking just right for the Yankees."

The Red Sox really are moving now. They've won seven in a row and are only a game and a half behind the third place Philadelphia Athletics.

Casey Stengel, who has done such an amazing job with the front-running New York Yankees does not share McCarthy's optimism.

"I had been inclined to think that the Red Sox would provide us with the toughest competition," Stengel said. "I felt that way even when they limped in the second division. But when we knocked them off five times in a row recently, that finished them. I don't think they can recover."

A week ago Stengel picked the Athletics as the only team that could stop his Yankees, who currently hold a five and a half game bulge over the second place Cleveland Indians. At the time the A's were in second place, only four and a half behind.

Must Beat A's  
"If we can beat the A's more times than they beat us, we're in," Stengel said. "If not, it probably will be the A's."

Whereupon the Yankees knocked off the Athletics in a solo contest and started them on their way to a five-game losing streak.

Connie Mack, Philadelphia's 66-year-old manager, is not discouraged, however.

"Our boys, although in third place today, feel they still can win and I, as their manager, have to go along with them, naturally," he said. "Don't count us out. We still have a good chance."

Cleveland's Lou Boudreau didn't think his team is at least 15 per cent improved with the addition of pitchers Max Lanier and Fred Martin and infielder Lou Klein.

Dyer and Billy Southworth, manager of the third place Boston Braves, envisioned a stretch drive that would not produce a winner until the final day.

"The Indians in the American, and Brooklyn and Boston in the National, face an opportunity to strengthen their claims, as each opens a 13-game home stand starting tonight."

Brooklyn digs in at Ebbets Field for a two-weekstand.  
The Cards will be on the road.

## Colonial Roundup

(By The Associated Press)

The Stamford Pioneers today held undisputed possession of first place in the Colonial Baseball League, largely because of some story-book hurling by big Ed Hrabosak.

The Pioneers defeated the Bristol Owls, 3-1, in their crucial game last night because Hrabosak, a towering right hander not long out of high school, was all but invincible. The Stamford hurler scattered four hits masterfully and struck out 10, issuing just two bases on balls.

Two off Bristol's hits came in the third inning to produce the lone Owl tally which deadlocked the count at 1-1. Scotty Koproksi broke the tie in the next inning with a home run with nobody on base for Stamford.

Guy Coleman, the starting and losing pitcher, fanned nine. The Waterbury Timers defeated the Bridgeport Bees by a 3-1 margin to oust the Bees from first place. Pitcher Ernie Sawyer won his tenth victory of the season, largely on a home run by Johnny Stefanik in the eighth inning that broke a 1-1 tie. Waterbury, in winning its ninth victory in 16 starts from the Bees, handed Phil Frick his fourth defeat in 18 games.

### City League Game

**WHEAT FIELD HARVEST—**  
Charles Blaser can work on his farm in Concordia, Kan., and catch fish at the same time. Just to prove it, he holds the two three-pound carp he caught in his wheat field. The fish were stranded in the field from the nearby Republican River which overflowed after heavy rains.

**O'Dell Gets 15 Days**  
Howard O'Dell, 42, of Biltmore Hotel, Poughkeepsie, was arrested at Woodstock Wednesday by Deputy Sheriff William Frost on a charge of vagrancy. Before Justice of the Peace George Braendly a 15-day jail sentence was imposed.

## 25 New Members Inducted by Moose

At its recent meeting Kingston Lodge 970, Loyal Order of Moose, inducted 25 new members. The ritualistic ceremony was conducted by the degree staff from Newburgh lodge composed of Russell Gaskin, governor; Harry Gaskin, prelate; Larry Edwards, past governor; Howard Russell, planist; Robert Halstead, Jr., governor; Robert Slezak, sergeant at arms; George Ronkin, orator.

Representative of the class Earl O. Terwilliger responded for the candidates. Governor of Kingston Lodge, Raymond A. Johnson, who presided over the meeting, welcomed the group and introduced the guests. Acting Deputy General Governor Albert Buckman of Brooklyn Lodge 14, vice president of the Fifth District Leonard Persons of Poughkeepsie Lodge 904, and the guest speaker, Bertie Waters, deputy supreme governor of western New York state. His message to the new candidates contained reports of the progress at Mooseheart where children of deceased members are educated and trained.

Following the session, a dinner was served to 200 followed by a social hour. The new members are: William Lake, Harold Johnson, Peter Lawrence, Homer Y. Edwards, Raymond P. Cwill, Frank E. Kennedy, Sr., Sam S. Kaplan, Joseph P. McAndrews, Earle O. Terwilliger, Warren Greene, Allen J. Scribner, Chester A. Joy, Edward J. Perry, Stanley M.
